

BUILDING CHILD CARE SOLUTIONS THAT WORK FOR THE WORKFORCE

From the employer:

“Expanding our seasonal, on-site child care program to year-round, full-time care has enabled us to retain employees who otherwise wouldn’t have been able to work because of child care. We see this as an investment in our employees and community. There are barriers and challenges, but it’s worth it. Supporting children and families to thrive is a priority near and dear to my heart, and I’m grateful for the impact we’re having with this program.”

- Lindsay DesLauriers, President

From an employee:

“Vermont is an expensive place to live, and I have no idea what my family would do if I couldn’t work. Having access to high-quality, on-site child care has made it possible for me to expand my hours to full-time and go to work every day with the peace of mind that my daughter is being cared for in a nurturing environment. She is so excited to get out the door every morning, and I love getting to see her throughout the day.”

- Kailie Speciale, Housekeeping Supervisor
